Message interface is unattractive

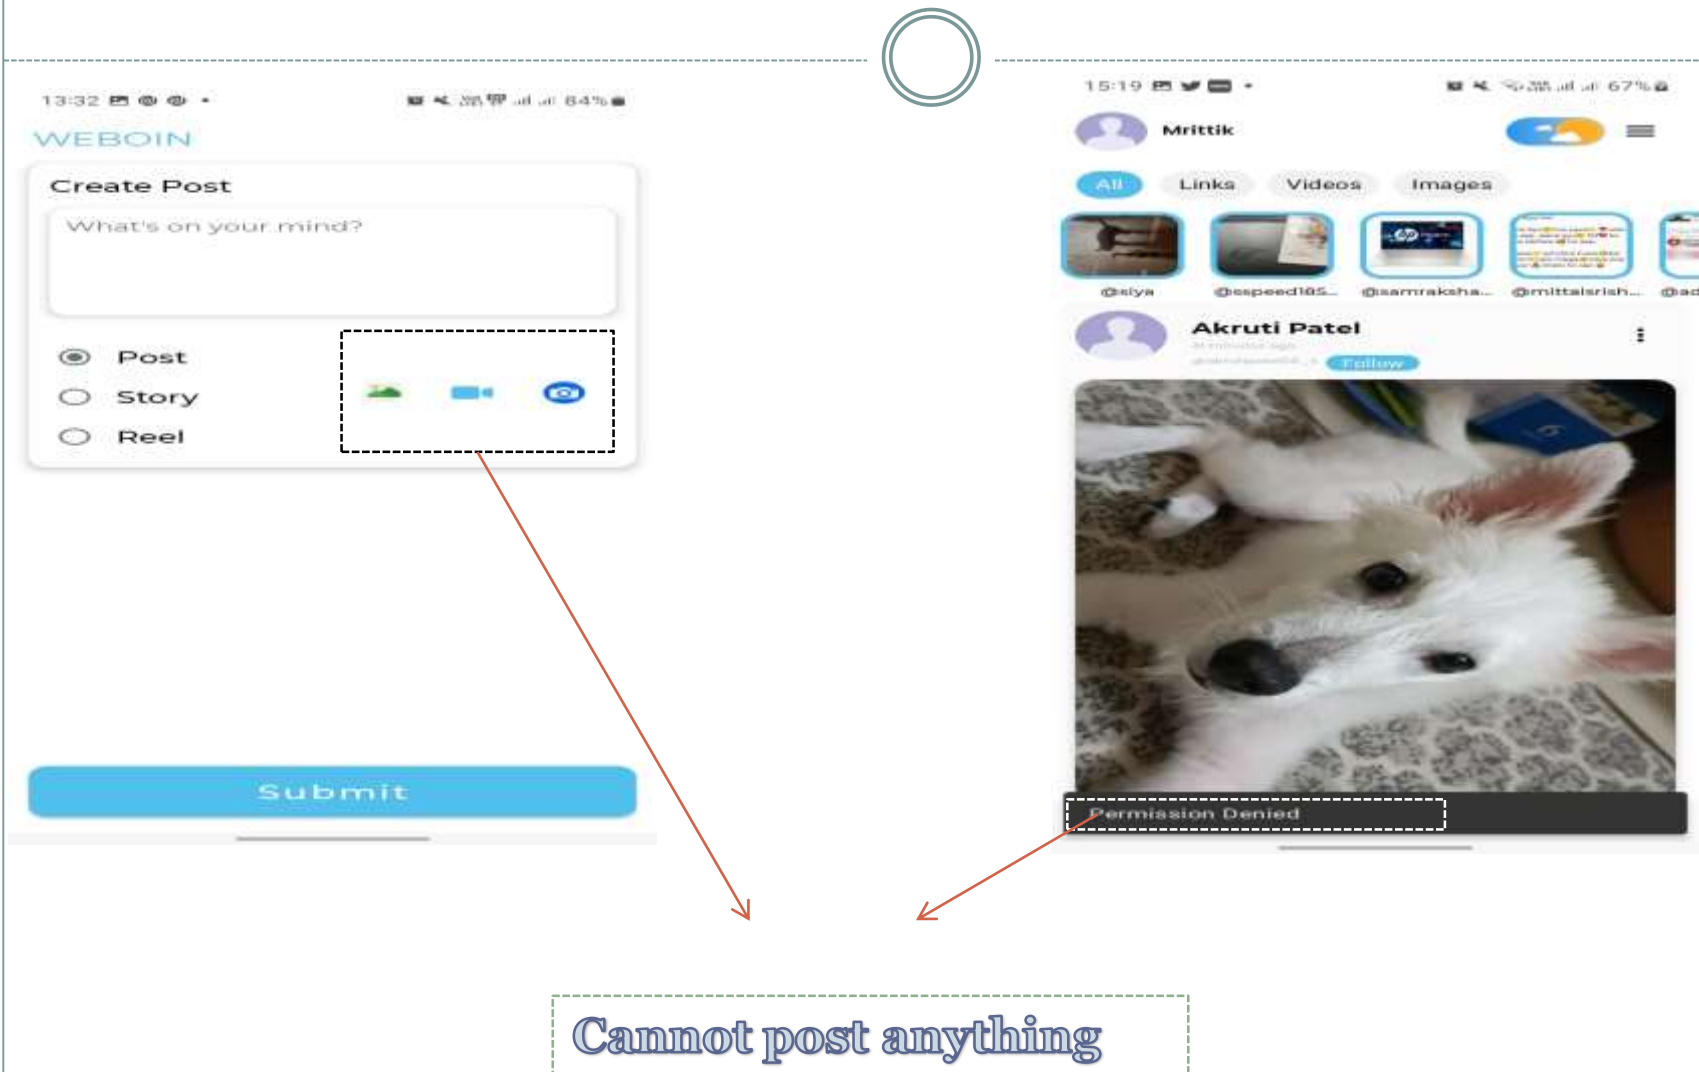

Need good amount and dedicated working in making the user interface for message attractive

Need good UI/UX interface for app

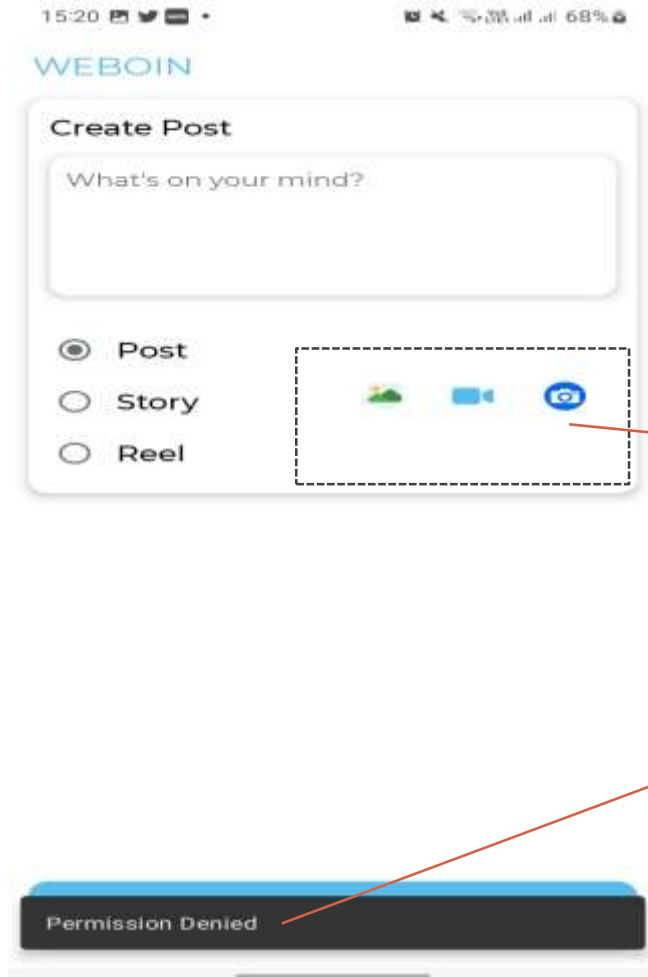

App UI/UX is not upto the mark. Need changes in appreance

cannot post anything like pictures, videos

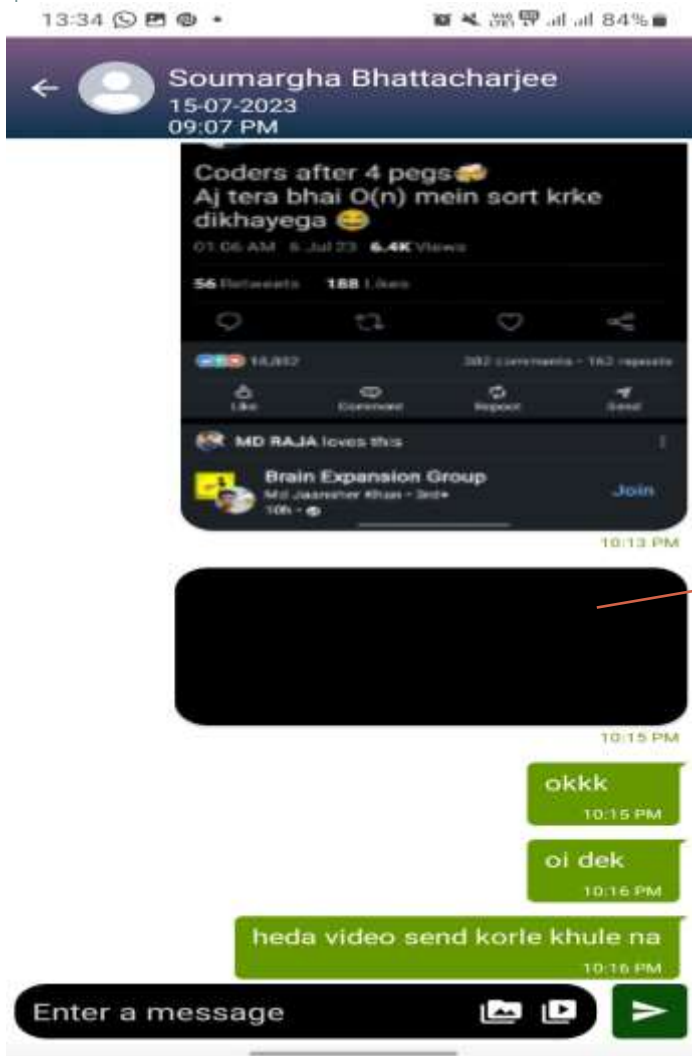

cannot access camera using the app

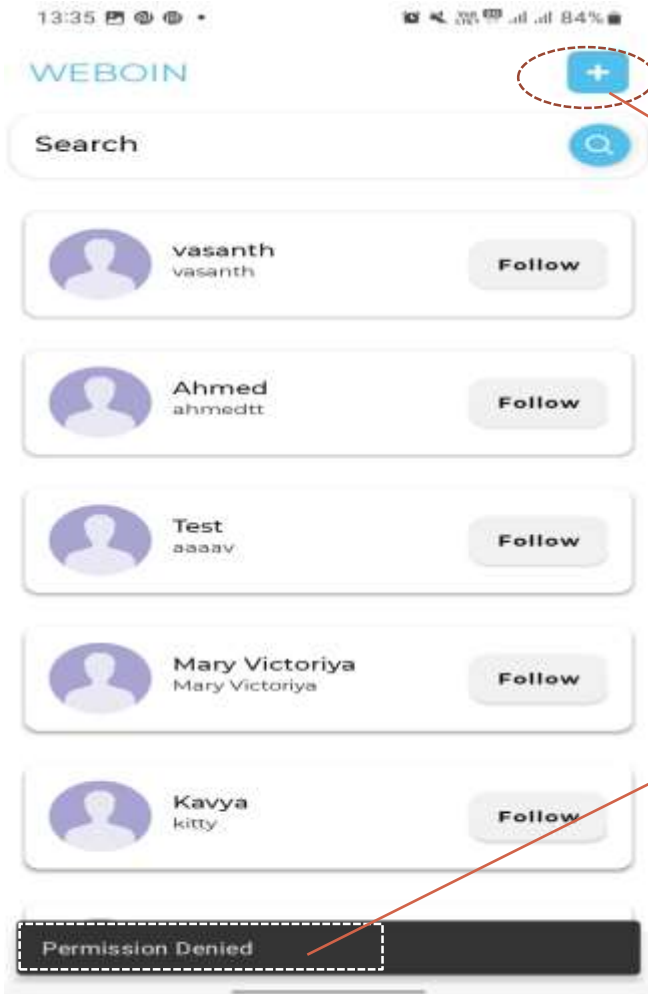

Cannot access camera
in app also video
feature doesnot work.

upon sending video , it doesnot show in message chats

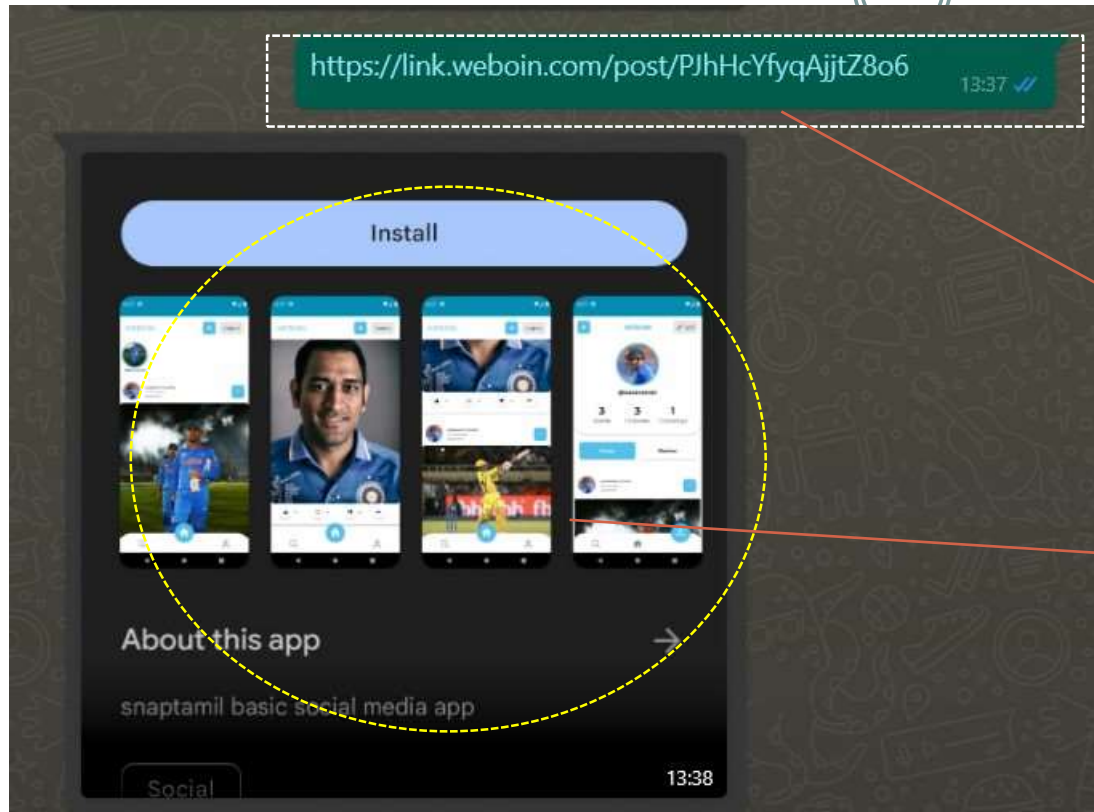

The video I send doesnot open in chats.

cannot access (+) button

The + button doesnot work in the app.

The reels shared by other social media platforms doesn't open in browser

When link shared through social platforms it doesn't get open in browser like other apps.

glitches in trending section

This layout overlaps
in rest of remaining
app.

My photos and videos dont get stored to my account page

No pictures , videos
shown which I shared

The app takes unnecessary time to load

App takes unnecessary time to load depending upon network speed

Reports

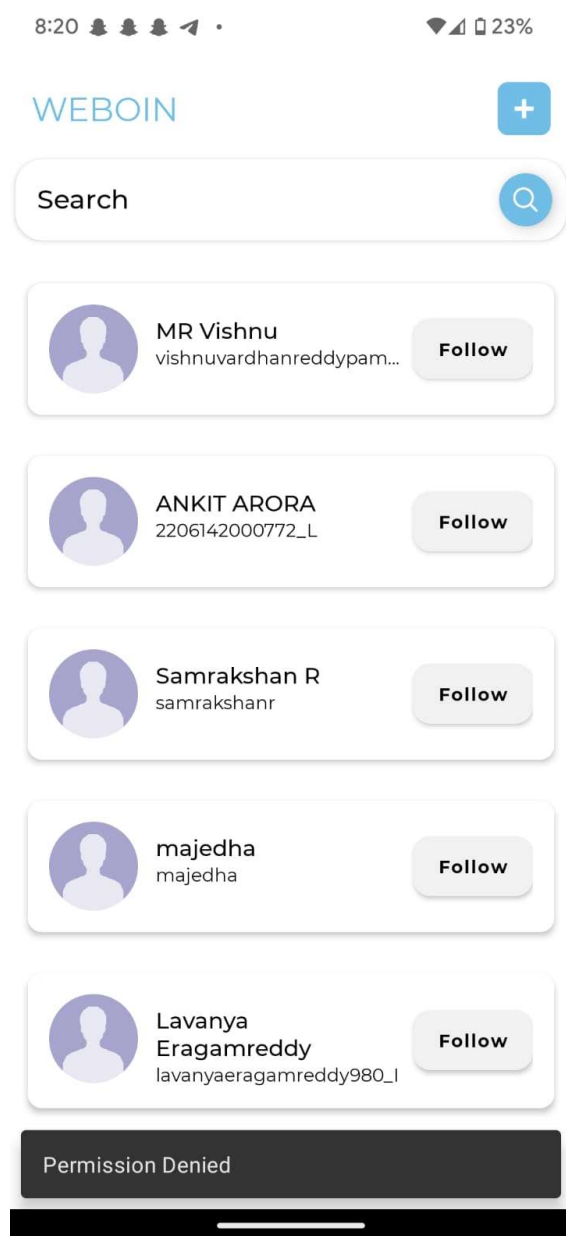

20 July 2023 21:25

Enhancement required:

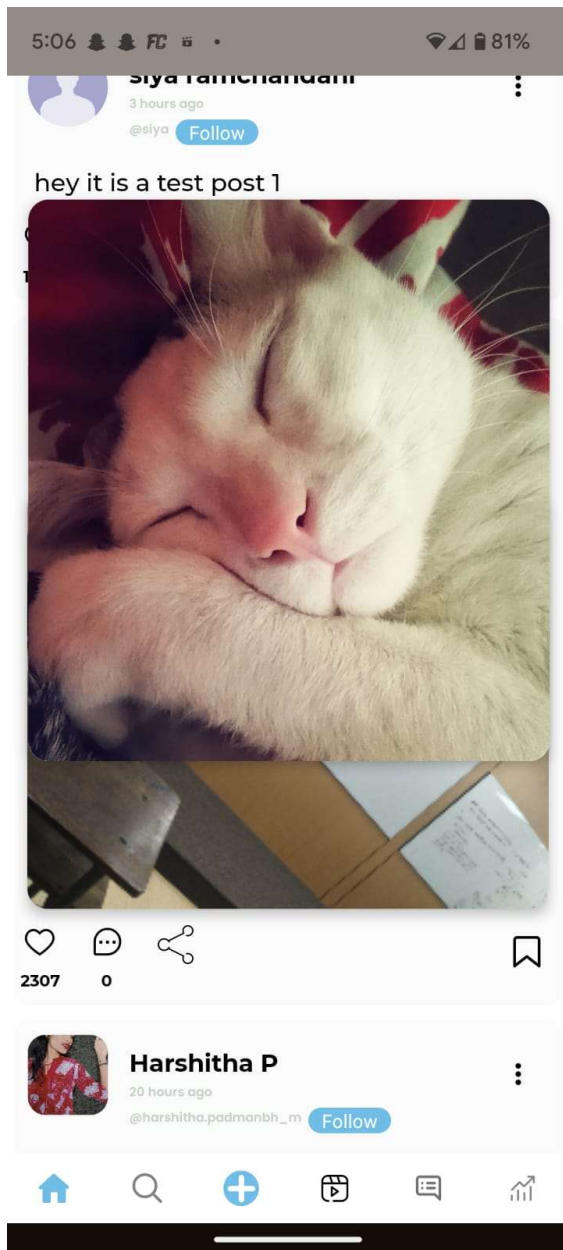

- 1) Need a child filter
- 2) Improve video playing experience upon clicking
- 3) Increase the story liking speed. Too much lag while liking story
- 4) Scroll down to refresh option in reels required
- 5) Should be able to pause reel while watching.
- 6) Sending voice message option to friends should be there in messages section
- 7) Should be able to update profile pictures on clicking the profile logo.

Bugs:

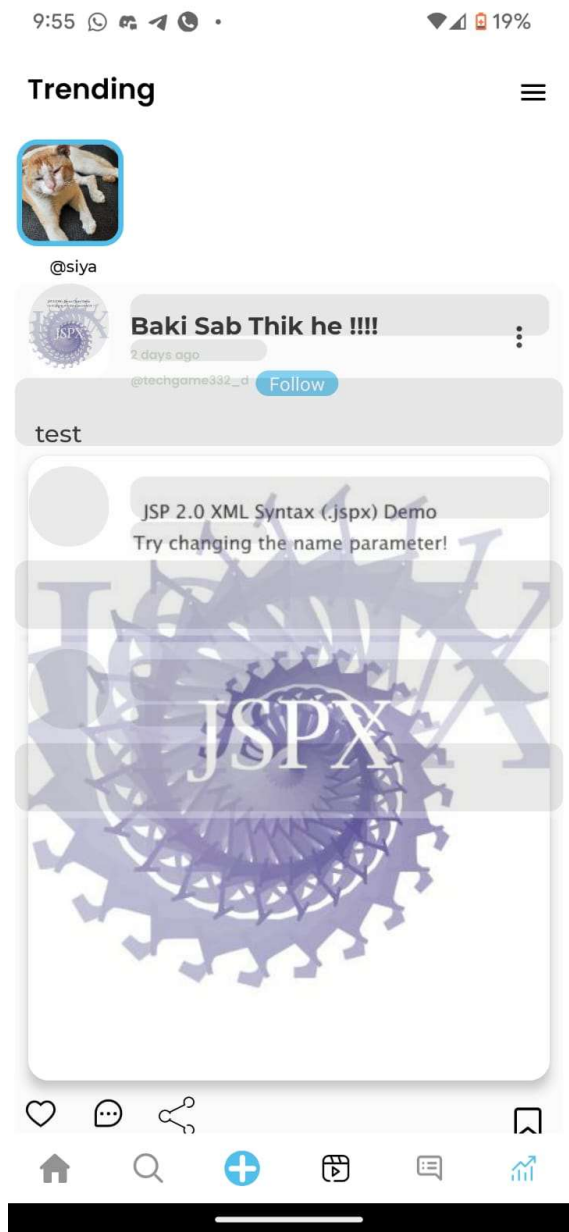

- 1) Plus button on search option does not work

- 2) Glitch while tapping an image on the home screen

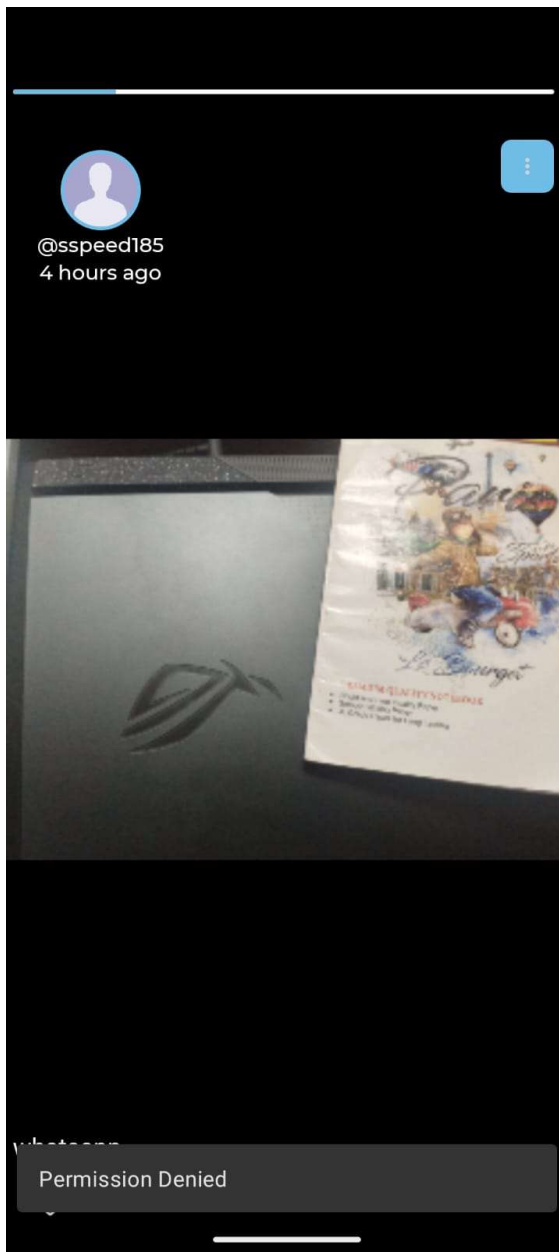

3) Trending section has unusual loading time and image overlapping.

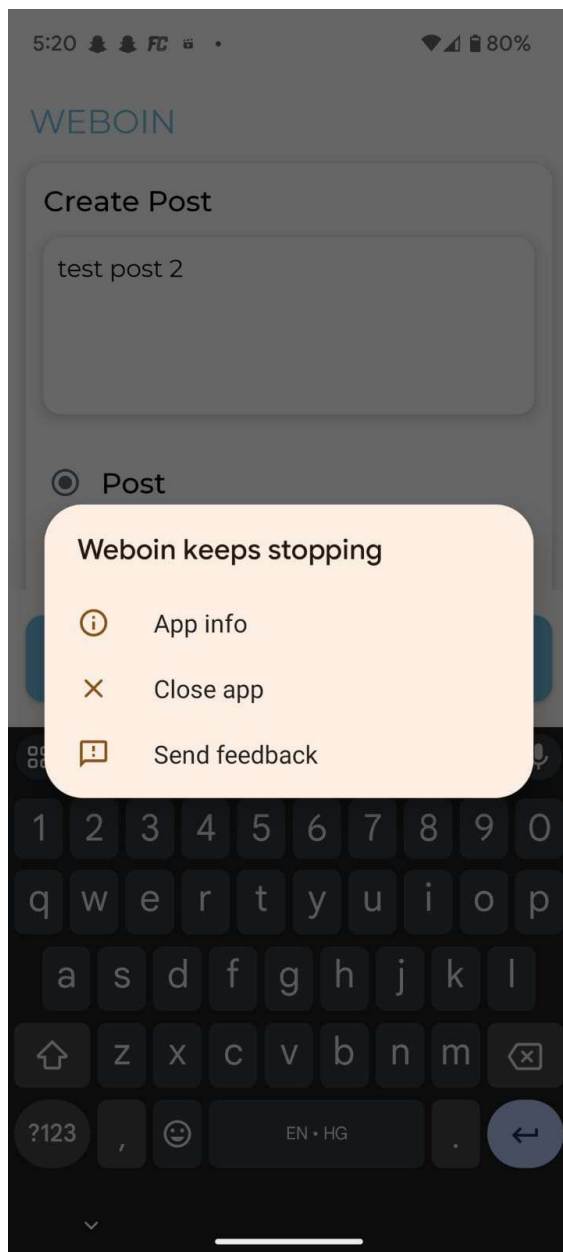

4) Video starts playing beneath if we hold image with 2 fingers

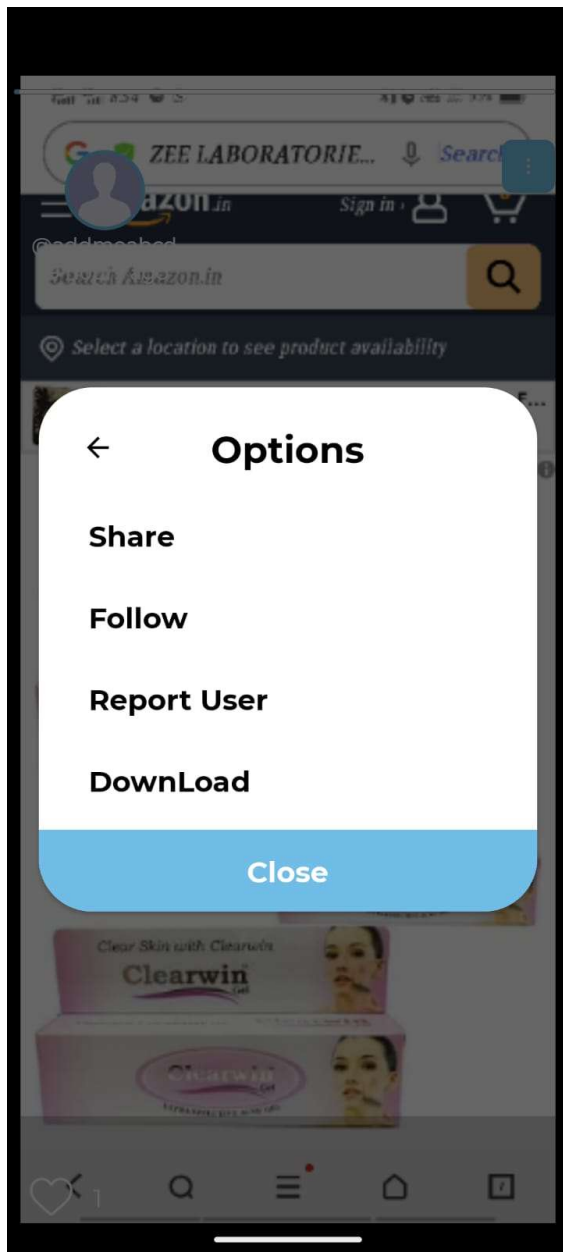

5) Not able to download story (permission error)

6) MAJOR SERVER BUG:

7) Cannot share story (permission error)

8) Unable to upload pictures from gallery(gets redirected to profile page)
